**Subject:** Waterfowl being attacked in Erskine

Hello David,

I'm not sure if you are the right person to address this to, however it's such an upsetting matter I was hoping you could help. On my walk this morning I found a big duck with no head and it's liver exposed. I assume this was a cat as I've seen them do this before. The street near where this happened is Waterson Place, Erskine.

Can we please do something to hold cat owners responsible? Perhaps make it mandatory to attach a bell to their collar in order to render their hunting less effective? If you could do anything to bring light to this issue I would greatly appreciate it.

Thankyou,

Jessica Farrell
