Dear Reviewers,

I completed your survey, many thanks. As a resident of Bayswater, I'm contacting you about local dog exercise areas. Are there plans to provide fenced off areas for dogs that are not on a leash? Many councils provide these for the safety of the public and for dog owners who walk their dogs on a leash.

It is a well known fact that dogs on a leash are a target for off-leash dogs, which makes it difficult for owners who prefer to walk in the park with their dogs on a leash. I have witnessed several incidents where off-leash dogs have menaced people and attacked other dogs. There's an assumption that off-leash dogs are well trained by their owners but in reality that's often not the case.

I'd also like to know which public parks and recreation areas in Bayswater are accessible only for dogs on a leash.

Many thanks,
Regards,
