Dear Minister Carey

LOCAL Government Reform:  
City of South Perth Comments on Summary of Proposed Reforms

The City of South Perth has welcomed the opportunity to comment on the Local Government legislative reform initiatives announced by your office on 10 November 2021.

The City Officers have carefully considered the proposed reforms and provided comments on the Summary of Proposed Reforms

Please find attached our submission as prepared by the City of South Perth.

Yours faithfully

Mike Bradford  
Chief Executive Officer

**Theme 1: Early Intervention, Effective Regulation and Stronger Penalties**

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
<b>1.1 Early Intervention Powers</b>		
<ul style="list-style-type: none"> <li>• The Act provides the means to regulate the conduct of local government staff and council members and sets out powers to scrutinise the affairs of local government. The Act provides certain limited powers to:                             <ul style="list-style-type: none"> <li>○ Suspend or dismiss councils</li> <li>○ Appoint Commissioners</li> <li>○ Suspend or, order remedial action (such as training) for individual councillors.</li> </ul> </li> <li>• The Act also provides the Director General with the power to:                             <ul style="list-style-type: none"> <li>○ Conduct Authorised Inquiries</li> <li>○ Refer allegations of serious or recurrent breaches to the State Administrative Tribunal</li> <li>○ Commence prosecution for an offence under the Act.</li> </ul> </li> <li>• Authorised Inquiries are a costly and a relatively slow response to significant issues. Authorised Inquiries are currently the only significant tool for addressing significant issues within a local government.</li> <li>• The Panel Report, City of Perth Inquiry, and the Select Committee Report made various recommendations related to the establishment of a specific office for local government oversight.</li> </ul>	<ul style="list-style-type: none"> <li>• It is proposed to establish a Chief Inspector of Local Government (the <b>Inspector</b>), supported by an Office of the Local Government Inspector (the <b>Inspectorate</b>).</li> <li>• The Inspector would receive minor and serious complaints about elected members.</li> <li>• The Inspector would oversee complaints relating to local government CEOs.</li> <li>• Local Governments would still be responsible for dealing with minor behavioural complaints.</li> <li>• The Inspector would have powers of a standing inquiry, able to investigate and intervene in any local government where potential issues are identified.</li> <li>• The Inspector would have the authority to assess, triage, refer, investigate, or close complaints, having regard to various public interest criteria – considering laws such as the <i>Corruption, Crime and Misconduct Act 2003</i>, the <i>Occupational Safety and Health Act 1984</i>, the <i>Building Act 2011</i>, and other legislation.</li> <li>• The Inspector would have powers to implement minor penalties for less serious breaches of the Act, with an appeal mechanism.</li> <li>• The Inspector would also have the power to order a local government to address non-compliance with the Act or Regulations.</li> <li>• The Inspector would be supported by a panel of <b>Local Government Monitors</b> (see item 1.2).</li> <li>• The existing Local Government Standards Panel would be replaced with a new <b>Conduct Panel</b> (see item 1.3).</li> </ul>	<p>Support this as a new way of providing oversight, given that the current regime is ineffective.</p>

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
	<ul style="list-style-type: none"> <li>• <b>Penalties</b> for breaches to the Local Government Act and Regulations will be reviewed and are proposed to be generally strengthened (see item 1.4).</li> <li>• These reforms would be supported by new powers to more quickly resolve issues within local government (see items 1.5 and 1.6).</li> </ul>	
<b>1.2 Local Government Monitors</b>		
<ul style="list-style-type: none"> <li>• There are currently no legislative powers for the provision of monitors/ temporary advisors.</li> <li>• The DLGSC provides support and advice to local governments, however there is no existing mechanism for pre-qualified, specialised assistance to manage complex cases.</li> </ul>	<ul style="list-style-type: none"> <li>• A panel of <b>Local Government Monitors</b> would be established.</li> <li>• Monitors could be appointed by the Inspector to go into a local government and try to resolve problems.</li> <li>• The purpose of Monitors would be to proactively fix problems, rather than to identify blame or collect evidence.</li> <li>• Monitors would be qualified specialists, such as: <ul style="list-style-type: none"> <li>○ Experienced and respected former Mayors, Presidents, and CEOs - to act as mentors and facilitators</li> <li>○ Dispute resolution experts - to address the breakdown of professional working relationships</li> <li>○ Certified Practicing Accountants and other financial specialists - to assist with financial management and reporting issues</li> <li>○ Governance specialists and lawyers - to assist councils resolve legal issues</li> <li>○ HR and procurement experts - to help with processes like recruiting a CEO or undertaking a major land transaction.</li> </ul> </li> <li>• Only the Inspector would have the power to appoint Monitors.</li> <li>• Local governments would be able to make requests to the Inspector to appoint Monitors for a specific purpose.</li> </ul> <p><b>Monitor Case Study 1 – Financial Management</b></p>	<p>The term Monitors is not the right descriptor based on what they are expected to do (ie fix things).</p> <p>How would their roles interact with Council delegations to the CEO and what would be their role in putting reports to Council where Council decisions were required?</p> <p>Some matters would come down to interpretation and may rely on professional judgement, how would these be resolved?</p> <p>What indemnity would be provided for decisions made by Monitors that adversely affect the local government?</p> <p>Who is the engagement with and who pays? How does this relate to the LGs procurement policy etc?</p> <p>Will there be an obligation for Councillors to comply with the direction of Monitors e.g. if mediation is required, will the</p>

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
	<p>The Inspector receives information that a local government is not collecting rates correctly under the <i>Local Government Act 1995</i>. Upon initial review, the Inspector identifies that there may be a problem. The Inspector appoints a Monitor who specialises in financial management in local government. The Monitor visits the local government and identifies that the system used to manage rates is not correctly issuing rates notices. The Monitor works with the local government to rectify the error, and issue corrections to impacted ratepayers.</p> <p><b>Monitor Case Study 2 – Dispute Resolution</b></p> <p>The Inspector receives a complaint from one councillor that another councillor is repeatedly publishing derogatory personal attacks against another councillor on social media, and that the issue has not been able to be resolved at the local government level. The Inspector identifies that there has been a relationship breakdown between the two councillors due to a disagreement on council.</p> <p>The Inspector appoints a Monitor to host mediation sessions between the councillors. The Monitor works with the councillors to address the dispute. Through regular meetings, the councillors agree to a working relationship based on the council's code of conduct. After the mediation, the Monitor occasionally makes contact with both councillors to ensure there is a cordial working relationship between the councillors.</p>	<p>Councillor be required to participate?</p> <p>Monitors should be qualified in a variety of professions, including Town Planning.</p> <p>Who determines when the issue is resolved and when the engagement ends?</p>
<b>1.3 Conduct Panel</b>		
<ul style="list-style-type: none"> <li>The Local Government Standards Panel was established in 2007 to resolve minor breach complaints relatively quickly and provide the sector with guidance and benchmarks about acceptable standards of behaviour.</li> </ul>	<ul style="list-style-type: none"> <li>The Standards Panel is proposed to be replaced with a new Local Government <b>Conduct Panel</b>.</li> <li>The Conduct Panel would be comprised of suitably qualified and experienced professionals. Sitting councillors will not be eligible to serve on the Conduct Panel.</li> <li>The Inspector would provide evidence to the Conduct Panel for adjudication.</li> </ul>	<p>Supported as the standards panel is ineffective.</p> <p>Conduct panel would need to be appropriately resourced to ensure its effectiveness and <b>timely</b></p>

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
<ul style="list-style-type: none"> <li>Currently, the Panel makes findings about alleged breaches based on written submissions.</li> <li>The City of Perth Inquiry report made various recommendations that functions of the Local Government Standards Panel be reformed.</li> </ul>	<ul style="list-style-type: none"> <li>The Conduct Panel would have powers to impose stronger penalties – potentially including being able to suspend councillors for up to three months, with an appeal mechanism.</li> <li>For very serious or repeated breaches of the Local Government Act, the Conduct Panel would have the power to recommend prosecution through the courts.</li> <li>Any person who is subject to a complaint before the Conduct Panel would have the right to address the Conduct Panel before the Panel makes a decision.</li> </ul>	<p>resolution of matters brought before it.</p> <p>Professionals included on the conduct panel should include Town Planners.</p> <p>Will the Conduct Panel consider evidence outside of the current written complaint and response process? e.g. Will Councillors be required to provide oral evidence and can witnesses be called?</p>
<b>1.4 Review of Penalties</b>		
<ul style="list-style-type: none"> <li>There are currently limited penalties in the Act for certain types of non-compliance with the Local Government Act.</li> </ul>	<ul style="list-style-type: none"> <li>Penalties for breaching the Local Government Act are proposed to be strengthened.</li> <li>It is proposed that the suspension of councillors (for up to three months) is established as the main penalty where a councillor breaches the Local Government Act or Regulations on more than one occasion.</li> <li>Councillors who are disqualified would not be eligible for sitting fees or allowances. They will also not be able to attend meetings, or use their official office (such as their title or council email address).</li> <li>It is proposed that a councillor who is suspended multiple times may become disqualified from office.</li> <li>Councillors who do not complete mandatory training within a certain timeframe will also not be able to receive sitting fees or allowances.</li> </ul>	<p>Supported.</p> <p>Is this a role the Chief Inspector would undertake?</p> <p>How will a complaint about a breach of the Act be managed including timeframes?</p> <p>Does this require a determination or is the LGA expected to make this call?</p>
<b>1.5 Rapid Red Card Resolutions</b>		
<ul style="list-style-type: none"> <li>Currently, local governments have different local laws and standing orders that govern the way meetings run. Presiding members</li> </ul>	<ul style="list-style-type: none"> <li>It is proposed that Standing Orders are made consistent across Western Australia (see item 2.6). Local Government Reform – Consultation on Proposed Reforms

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
<p>(Mayors and Presidents) are reliant on the powers provided in the local government standing orders local laws.</p> <ul style="list-style-type: none"> <li>Differences between local governments is a source of confusion about the powers that presiding members have to deal with disruptive behaviours at council meetings.</li> <li>Disruptive behaviour at council meetings is a very common cause of complaints. Having the Presiding Member be able to deal with these problems should more quickly resolve problems that occur at council meetings.</li> </ul>	<p>recordings of all meetings would also become standard (item 3.1).</p> <ul style="list-style-type: none"> <li>It is proposed that Presiding Members have the power to “red card” any attendee (including councillors) who unreasonably and repeatedly interrupt council meetings. This power would: <ul style="list-style-type: none"> <li>Require the Presiding Member to issue a clear first warning</li> <li>If the disruptions continue, the Presiding Member will have the power to “red card” that person, who must be silent for the rest of the meeting. A councillor issued with a red card will still vote, but must not speak or move motions</li> <li>If the person continues to be disruptive, the Presiding Member can instruct that they leave the meeting.</li> </ul> </li> <li>Any Presiding Member who uses the “red card” or ejection power will be required to notify the Inspector.</li> <li>Where an elected member refuses to comply with an instruction to be silent or leave, or where it can be demonstrated that the presiding member has not followed the law in using these powers, penalties can be imposed through a review by the Inspector.</li> </ul>	<p>Will there be an opportunity to make minor adjustments to suit the LG?</p> <p>This appears contrary to good decision making. Having someone in the room having to vote without being able to express and opinion or debate a topic lessens transparency and accountability.</p> <p>What if the motion is a NOM from that Councillor – will it lapse?</p> <p>What if that Councillor moved the original motion. Can they close debate?</p>
<p><b>1.6 Vexatious Complaint Referrals</b></p>		
<ul style="list-style-type: none"> <li>No current provisions.</li> <li>The Act already provides a requirement for Public Question Time at council meetings.</li> </ul>	<ul style="list-style-type: none"> <li>Local governments already have a general responsibility to provide ratepayers and members of the public with assistance in responding to queries about the local government’s operations. Local governments should resolve queries and complaints in a respectful, transparent and equitable manner.</li> <li>Unfortunately, local government resources can become unreasonably diverted when a person makes repeated vexatious queries, especially after a local government has</li> </ul>	<p>This would require significant resourcing of the Inspector’s Office. Will the ruling apply to the complaint or the person? Ie a person may make many complaints about many different matters.</p>

	<p>already provided a substantial response to the person’s query.</p> <ul style="list-style-type: none"> <li>It is proposed that if a person makes repeated complaints to a local government CEO that are vexatious, the CEO will have the power to refer that person’s complaints to the Inspectorate, which after assessment of the facts may then rule the complaint vexatious.</li> </ul>	
<b>1.7 Minor Other Reforms</b>		
<ul style="list-style-type: none"> <li>Other minor reforms are being considered to enhance the oversight of local government.</li> <li>Ministerial Circulars have traditionally been used to provide guidance to the local government sector.</li> </ul>	<ul style="list-style-type: none"> <li>Potential other reforms to strengthen guidance for local governments are being considered.</li> <li>For example, one option being considered is the potential use of sector-wide guidance notices. Guidance notices could be published by the Minister or Inspector, to give specific direction for how local governments should meet the requirements of the Local Government Act and Regulations. For instance, the Minister could publish guidance notices to clarify the process for how potential conflicts of interests should be managed.</li> <li>It is also proposed (see item 1.1) that the Inspector has the power to issue notices to individual local governments to require them to rectify non-compliance with the Act or Regulations.</li> </ul>	<p>Supported.</p>

**Theme 2: Reducing Red Tape, Increasing Consistency and Simplicity**

CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
<b>2.1 Resource Sharing</b>		
<ul style="list-style-type: none"> <li>The Act does not currently include specific provisions to allow for certain types of resource sharing – especially for sharing CEOs.</li> <li>Regional local governments would benefit from having clearer mechanisms for voluntary resource-sharing.</li> </ul>	<ul style="list-style-type: none"> <li>Amendments are proposed to encourage and enable local governments, especially smaller regional local governments, to share resources, including Chief Executive Officers and senior employees.</li> <li>Local governments in bands 2, 3 or 4 would be able to appoint a shared CEO at up to two salary bands above the highest band. For example, a band 3 and a band 4 council sharing a CEO could remunerate to the level of band 1.</li> </ul>	<p>Supported but perhaps should only be up to one level above the highest or two levels above the lowest. I.e a level 3 and 4 LGA would not generally come close to the size and complexity of a Band 1 LGA.</p>
<b>2.2 Standardisation of Crossovers</b>		
<ul style="list-style-type: none"> <li>Approvals and standards for crossovers (the section of driveways that run between the kerb and private property) are inconsistent between local government areas, often with very minor differences.</li> <li>This can create confusion and complexity for homeowners and small businesses in the construction sector.</li> </ul>	<ul style="list-style-type: none"> <li>It is proposed to amend the <i>Local Government (Uniform Local Provisions) Regulations 1996</i> to standardise the process for approving crossovers for residential properties and residential developments on local roads.</li> <li>A Crossover Working Group has provided preliminary advice to the Minister and DLGSC to inform this.</li> <li>The DLGSC will work with the sector to develop standardised design and construction standards.</li> </ul>	<p>Supported.</p>
<b>2.3 Introduce Innovation Provisions</b>		
<ul style="list-style-type: none"> <li>The <i>Local Government Act 1995</i> currently has very limited provisions to allow for innovations and responses to emergencies to (such as the Shire of Bruce Rock Supermarket).</li> </ul>	<ul style="list-style-type: none"> <li>New provisions are proposed to allow exemptions from certain requirements of the <i>Local Government Act 1995</i>, for:                             <ul style="list-style-type: none"> <li>Short-term trials and pilot projects</li> <li>Urgent responses to emergencies.</li> </ul> </li> </ul>	<p>Not clear on why this is required - or how it would be used.</p>

<b>2.4 Streamline Local Laws</b>		
<ul style="list-style-type: none"> <li>Local laws are required to be reviewed every eight years.</li> <li>The review of local laws (especially when they are standard) has been identified as a burden for the sector.</li> <li>Inconsistency between local laws is frustrating for residents and business stakeholders.</li> </ul>	<ul style="list-style-type: none"> <li>It is proposed that local laws would only need to be reviewed by the local government every 15 years.</li> <li>Local laws not reviewed in the timeframe would lapse, meaning that old laws will be automatically removed and no longer applicable.</li> <li>Local governments adopting Model Local Laws will have reduced advertising requirements.</li> </ul>	<p>Supported.</p> <p>Not supported - This could have unintended consequences if no law is in place (ie parking fines quashed).</p> <p>Model Local Laws should be able to be adopted by Council without going through the Standing Committee and public consultation process. This should only happen where there are variations.</p> <p>Will the Department be developing and having the Model Local Laws gazetted?</p>
<b>2.5 Simplifying Approvals for Small Business and Community Events</b>		
<ul style="list-style-type: none"> <li>Inconsistency between local laws and approvals processes for events, street activation, and initiatives by local businesses is frustrating for business and local communities.</li> </ul>	<ul style="list-style-type: none"> <li>Proposed reforms would introduce greater consistency for approvals for:                             <ul style="list-style-type: none"> <li>alfresco and outdoor dining</li> <li>minor small business signage rules</li> <li>running community events.</li> </ul> </li> </ul>	<p>Supported, provided there are no planning implications, and it is consistent with recent Planning Reforms</p>
<b>2.6 Standardised Meeting Procedures, Including Public Question Time</b>		
<ul style="list-style-type: none"> <li>Local governments currently prepare individual standing order local laws.</li> </ul>	<ul style="list-style-type: none"> <li>To provide greater clarity for ratepayers and applicants for decisions made by council, it is proposed that the meeting</li> </ul>	<p>Supported.</p>

CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
<ul style="list-style-type: none"> <li>The <i>Local Government Act 1995</i> and regulations require local governments to allocate time at meetings for questions from the public.</li> <li>Inconsistency among the meeting procedures between local governments is a common source of complaints.</li> </ul>	<p>procedures and standing orders for all local government meetings, including for public question time, are standardised across the State.</p> <ul style="list-style-type: none"> <li>Regulations would introduce standard requirements for public question time, and the procedures for meetings generally.</li> <li>Members of the public across all local governments would have the same opportunities to address council and ask questions.</li> </ul>	
<b>2.7 Regional Subsidiaries</b>		
<ul style="list-style-type: none"> <li>Initiatives by multiple local governments may be managed through formal Regional Councils, or through less formal “organisations of councils”, such as NEWROC and WESROC.</li> <li>These initiatives typically have to be managed by a lead local government.</li> <li>In 2016-17, provisions were introduced to allow for the formation of Regional Subsidiaries. Regional Subsidiaries can be formed in line with the <i>Local Government (Regional Subsidiaries) Regulations 2017</i>.</li> <li>So far, no Regional Subsidiary has been formed.</li> </ul>	<ul style="list-style-type: none"> <li>Work is continuing to consider how Regional Subsidiaries can be best established to:                             <ul style="list-style-type: none"> <li>Enable Regional Subsidiaries to provide a clear and defined public benefit for people within member local governments</li> <li>Provide for flexibility and innovation while ensuring appropriate transparency and accountability of ratepayer funds</li> <li>Where appropriate, facilitate financing of initiatives by Regional Subsidiaries within a reasonable and defined limit of risk</li> <li>Ensure all employees of a Regional Subsidiary have the same employment conditions as those directly employed by member local governments.</li> </ul> </li> </ul>	<p>This model provides very little benefit to the sector as evidenced by its take up since introduction. These changes will do very little to change that.</p> <p>How would this be achieved? - as different local governments have different EA's. The safety net for employees should be the relevant awards.</p> <p>Local Government EAs do not always contemplate the kinds of business that may be operated under a Regional Subsidiary model.</p>

**Theme 3: Greater Transparency & Accountability**

CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
<b>3.1 Recordings and Live-Streaming of All Council Meetings</b>		
<ul style="list-style-type: none"> <li>• Currently, local governments are only required to make written minutes of meetings.</li> <li>• While there is no legal requirement for livestreaming or video or audio recording of council meetings, many local governments now stream and record their meetings.</li> <li>• Complaints relating to behaviours and decisions at meetings constitute a large proportion of complaints about local governments.</li> <li>• Local governments are divided into bands with the largest falling in bands 1 and 2, and smaller local governments falling bands 3 and 4. The allocation of local governments into bands is determined by The Salaries and Allowances Tribunal based on factors<sup>1</sup> such as:             <ul style="list-style-type: none"> <li>○ Growth and development</li> <li>○ Strategic planning issues</li> <li>○ Demands and diversity of services provided to the community</li> <li>○ Total expenditure</li> <li>○ Population</li> <li>○ Staffing levels.</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• It is proposed that all local governments will be required to record meetings.</li> <li>• Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives.</li> <li>• Band 1 and 2 are larger local governments are generally located in larger urban areas, with generally very good telecommunications infrastructure, and many already have audio-visual equipment.</li> <li>• Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives.</li> <li>• Several local governments already use platforms such as YouTube, Microsoft Teams, and Vimeo to stream and publish meeting recordings.</li> <li>• Limited exceptions would be made for meetings held outside the ordinary council chambers, where audio recordings may be used.</li> <li>• Recognising their generally smaller scale, typically smaller operating budget, and potential to be in more remote locations, band 3 and 4 local governments would be required to record and publish audio recordings, at a minimum. These local governments would still be encouraged to livestream or video record meetings.</li> <li>• All council meeting recordings would need to be published at the same time as the meeting minutes. Recordings of all confidential items would also need to be submitted to the DLGSC for archiving.</li> </ul>	<p>Is achievable but at a cost. Figures from other local governments that have already gone down this path show that uptake is low.</p> <p>Many more people will listen to the recordings than watch live streaming because they can skip the parts that aren't relevant.</p> <p>Audio is sufficient, there is little additional benefit in video, particularly given the cost.</p> <p>Cost is approximately \$70,000 plus ongoing maintenance and staffing.</p> <p>Recognising that Development Assessment Panels and indeed the WAPC and its committees make similar decisions to Councils, there should be live streaming of these meetings and video recordings made available as public archives.</p>

This provides clear transparency for what the functions and initiatives of the local government cost to deliver. Templates will be available for use by local governments.</li> </ul>	
<b>6.3 Rates and Revenue Policy</b>		
<ul style="list-style-type: none"> <li>• Local governments are not required to have a rates and revenue policy.</li> <li>• Some councils defer rate rises, resulting in the eventual need to drastically raise rates to cover unavoidable costs – especially for the repair of infrastructure.</li> </ul>	<ul style="list-style-type: none"> <li>• The Rates and Revenue Policy is proposed to increase transparency for ratepayers by linking rates to basic operating costs and the minimum costs for maintaining essential infrastructure.</li> <li>• A Rates and Revenue Policy would be required to provide ratepayers with a forecast of future costs of providing local government services.</li> <li>• The Policy would need to reflect the Asset Management Plan and the Long Term Financial Plan (see item 6.2), providing a forecast of what rates would need to be, to cover unavoidable costs.</li> <li>• A template would be published for use or adaption by all local governments.</li> </ul>	<p style="color: red;">Additional requirements that add to resourcing needs. Rate setting statement already aims to do this.</p>

<b>6.4 Monthly Reporting of Credit Card Statements</b>		
<ul style="list-style-type: none"> <li>No legislative requirement.</li> <li>Disclosure requirements brought in by individual councils have shown significant reduction of expenditure of funds.</li> </ul>	<ul style="list-style-type: none"> <li>The statements of a local government’s credit cards used by local government employees will be required to be tabled at council at meetings on a monthly basis.</li> <li>This provides oversight of incidental local government spending.</li> </ul>	<p>Not supported as these cards are used to increase efficiency (ie not having to process purchase orders or invoices). They relate to operational expenditure and will result in many unnecessary questions and discussion at Council Meetings. This will further encourage elected members to be involved in operational matters.</p> <p>Generally controls around credit cards in Local Government are strong.</p>
<b>6.5 Amended Financial Ratios</b>		
<ul style="list-style-type: none"> <li>Local governments are required to report seven ratios in their annual financial statements.</li> <li>These are reported on the MyCouncil website.</li> <li>These ratios are intended to provide an indication of the financial health of every local government.</li> </ul>	<ul style="list-style-type: none"> <li>Financial ratios will be reviewed in detail, building on work already underway by the DLGSC.</li> <li>The methods of calculating ratios and indicators will be reviewed to ensure that the results are accurate and useful.</li> </ul>	<p>Supported. The current ratios do not provide the indications of financial health that they were intended to.</p>
<b>6.6 Audit Committees</b>

<ul style="list-style-type: none"> <li>Local governments must establish an Audit Committee that has three or more persons, with the majority to be council members.</li> <li>The Audit Committee is to guide and assist the local government in carrying out the local government's functions in relation to audits conducted under the Act.</li> <li>The Panel Report identified that Audit Committees should be expanded, including to provide improved risk management.</li> </ul>	<ul style="list-style-type: none"> <li>To ensure independent oversight, it is proposed the Chair of any Audit Committee be required to be an independent person who is not on council or an employee of the local government.</li> <li>Audit Committees would also need to consider proactive risk management.</li> <li>To reduce costs, it is proposed that local governments should be able to establish shared Regional Audit Committees.</li> <li>The Committees would be able to include council members but would be required to include a majority of independent members and an independent chairperson.</li> </ul>	<p>Supported.</p> <p>It is questionable as to whether shared audit committees could effectively carry out the required functions. There could be significant conflicts arising out of elected members of one council being on the audit committee of another.</p>

<ul style="list-style-type: none"> <li>The local government sector has sought reforms that would enable local governments to provide loans to property owners to finance for building improvements.</li> <li>This is not currently provided for under the Act.</li> <li>The Local Government Panel Report included this recommendation.</li> </ul>	<ul style="list-style-type: none"> <li>Reforms would allow local governments to provide loans to third parties for specific building improvements - such as cladding, heritage and green energy fixtures.</li> <li>This would allow local governments to lend funds to improve buildings within their district.</li> <li>Limits and checks and balances would be established to ensure that financial risks are proactively managed.</li> </ul>	<p>Not supported. This could impact the financial viability of Councils if debts not recovered.</p> <p>If building owners are unable to achieve their own financing, they would inevitably represent a financial risk to Council as well.</p> <p>Political imperatives could easily override financial risks.</p>
<p><b>6.8 Cost of Waste Service to be Specified on Rates Notices</b></p>		
<ul style="list-style-type: none"> <li>No requirement for separation of waste changes on rates notice.</li> <li>Disclosure will increase ratepayer awareness of waste costs.</li> <li>The Review Panel Report included this recommendation.</li> </ul>	<ul style="list-style-type: none"> <li>It is proposed that waste charges are required to be separately shown on rate notices (for all properties which receive a waste service).</li> <li>This would provide transparency and awareness of costs for ratepayers.</li> </ul>	<p>Supported, however, this could have an impact on pensioners who receive a rebate on the whole rates notice. No effect for South Perth.</p>
