<i>My thoughts on:</i> Transition pet shops to adoption centres (can only sell dogs sourced from rescues).	Dog should be sold by the Breeder or Rescue centre. Why would you promote a faceless entity to sell an animal. I want Government to bring about legislation that prevents pet shops selling animals all together. Pet shops should be pet supplies
<i>My thoughts on:</i> Introduce mandatory dog de-sexing.	I do not support any law that will make me de sex my dog. It is cruel and will not stop puppy farmers all you will do aggravate of all the good people who use their entire dogs to work, compete and enjoy.
<i>My thoughts on:</i> Introduce a centralised registration system to identify every dog and puppy.	I think this is a good idea if it replicates what I already have with my local council.
<i>My thoughts on:</i> Introduce mandatory standards for dog breeding, housing, husbandry, transport and sale.	Do we not have the Welfare legislation and the dog act which covers this? I am not sure what you are proposing so I can't agree.
