

BINGO INFORMATION
AND GUIDE
FOR PERMIT HOLDERS

The information provided herein is intended as an information guide only and is not a substitute for prescribed permit conditions or other legal requirements. The information is accurate at time of publication, however permit conditions and legislation are subject to change. In all cases it is the Permit Holder and beneficiary organisation's responsibility to ensure compliance with permit conditions and other relevant applicable legislation.

What is Bingo?

Bingo is a numbers game not unlike keno. Players use books containing cards for up to 32 games and each card has 15 numbers. Up to 90 numbers are called out by a caller using either a random number generator or a manual ball drawing device. The first player to have the 15 numbers called (known as full house) wins the major prize. If there is more than one winner, the prize money is divided equally. On occasions, split games may be played where minor prizes are awarded for the first player who completes a pre-determined sequence of lines such as a pattern around the outside (known as “racetrack”). See example of bingo cards below.

Bingo cards known as “flyers” are sometimes used. Generally, the flyer sheet contains 6 cards and is played as one game. In WA, a maximum of 2 flyer games per bingo session is permitted and these count towards the limit of 32 games allowed to be played.

Legislation

With regard to the conduct of bingo in Western Australia, relevant state legislation is:

- Gaming and Wagering Commission Act 1987
- Gaming and Wagering Commission Regulations 1988

Legislative Requirements - Permits

Where bingo is played for money or money's worth (eg for prizes), a permit is required and may be applied for via the Dept of Local Government, Sport and Cultural Industries. Under the Gaming and Wagering Commission Act 1987, permits may be approved for charities, community groups and other approved organisations to raise funds for approved uses.

An application fee is payable and permits may be approved for either a single event, or for a period of 6 months. Permits will not be approved for fund raising considered to be for purposes of private gain or commercial undertaking as Section 95 of the Act prohibits it. Proceeds raised from bingo may only be used for the purposes applied for and on which basis the permit was granted.

Senior Citizens Organisations

A permit is required and may be approved for **up to 12 months**. However, **no fees are payable**. The Gaming and Wagering Commission Regulations 1988 stipulate that where bingo is conducted by, on behalf of, and at a club the members of which are **wholly or mainly senior citizens or pensioners**, and the persons participating in the play are members or the guests of members, no fee or other charge is payable. Senior citizens organisations are not required to submit a financial return as no surcharge is payable.

Every bingo permit has conditions attached. An example of a typical permit is shown at page 8 of this guide. The conditions specify the minimum standards required for record keeping, controls and various aspects relevant to conduct of the permit. There are significant penalties that may be applied for failing to comply with permit conditions.

Role of Permit Holder

While a permit is issued to an *organisation*, the Act requires that an individual, appointed by and on behalf of that organisation, is primarily responsible for the conduct of the bingo permit. The Permit Holder is responsible for ensuring that the bingo is run in accordance with all legislative requirements and permit conditions. The Permit Holder is not permitted to play bingo at the sessions run on behalf of his/her organisation for which they hold the permit.

The following is a summary of some of the main requirements contained within the legislation. However, it is important that the Permit Holder read and understand the Permit and conditions together with the Rules of Bingo. (DLGSC provides a copy of the Rules when a new permit is issued.)

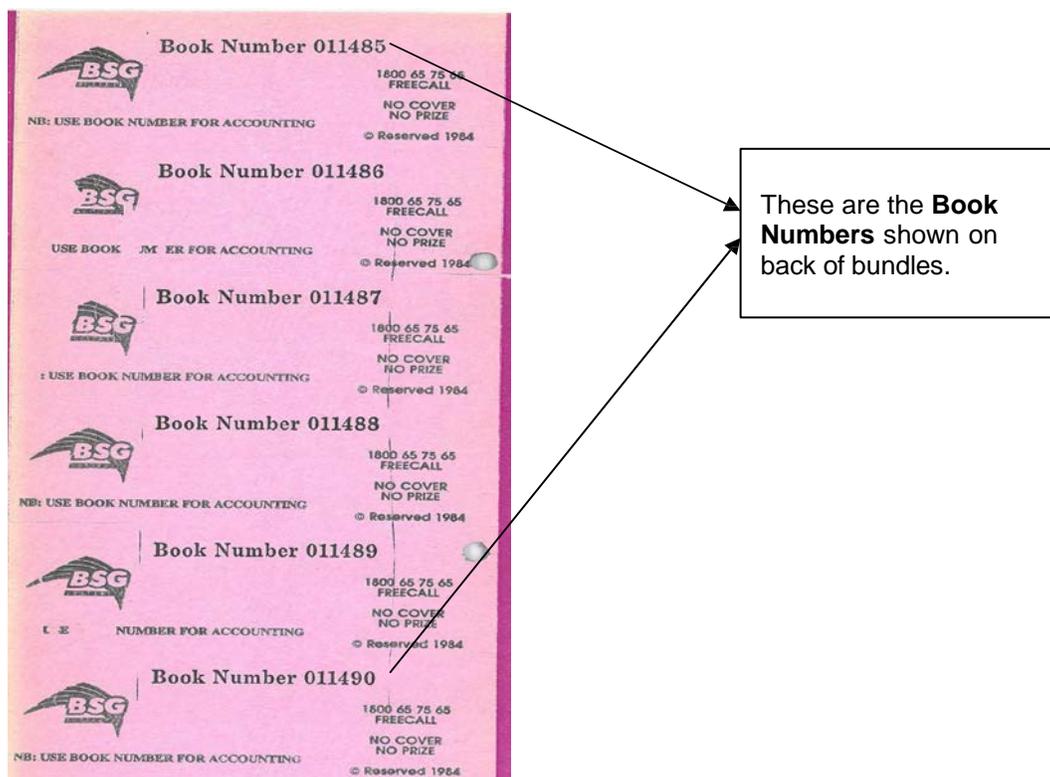

Bingo Sessions

- Only **1 bingo session per week** may be played by the organisation holding the permit (unless otherwise provided in the permit).
- Bingo **can only be played on the dates and times** authorised and specified in the Permit.
- **Premises** where bingo is conducted **must be approved** by the Gaming & Wagering Commission. An application fee is payable and premises may be approved for either a single date or for a period of 5 years.
- **High Rollers** - The requirement to purchase a minimum number of books for entry to a session of bingo is permitted but such games are limited to **one session per month per premise**.
- **No charge shall be made** for admission to a bingo session.
- Purchase of raffle tickets shall not be a prerequisite to participate in the bingo.
- A session of bingo shall be for a period of **not more than 3 hours** or in which **32 games** are played, whichever is the shorter.
- **Each session of bingo shall be controlled by the Permit Holder** or a person appointed by the Permit Holder from a list of persons whom the Permit Holder has had authorized by the Gaming and Wagering Commission. At least 2 other persons appointed by the organization shall assist.
- **Spotters** - where a session has more than 100 participants, at least **2 spotters** must be provided and those spotters are **not permitted to play bingo**.
- **Prizes** - the caller must announce the prizes for each game before the commencement of the game. Prize values cannot be advertised prior to a bingo session. Refer to permit conditions for prize limits.
- **Serial Numbers** – all **cards used** in any one game **must have the same serial number** and that number **must be announced** to players before the commencement of each game (eg playing blue card, Serial No. xxxxx)
- The **permit must be displayed** in a prominent location on the premises.

- **Rules** – a copy of the Rules of Bingo must be displayed in 3 locations - at the **entrance** to the premises, in **close proximity to the players**, and in **close proximity to the caller**.

Accountability of Bingo Books and Flyers

- All **bingo books and flyers must be accounted for**. It is important to remember that they have a cash value and should be treated with the same standard of security.
- A record must be kept of **how many bingo books and flyers are on hand** at the **beginning** and **conclusion** of each bingo session. To assist in this regard, book numbers can be found on the back of each book. See example below. It is suggested you institute a system and consistently follow the same method each week, such as - use the lowest bundle first, put out the same number of books and flyers (if used) each session.

- The **serial numbers of books and flyers on hand must also be recorded**. Serial Numbers can be found on the reverse of each bingo card and should also be listed on your purchasing invoice/receipt. (If 30 games per book purchased for example, the serial numbers may be 915301 – 915330).

Record Keeping

In addition to accounting for the total number of books and flyers on hand, as detailed above, **for every session of bingo** that is conducted **the following information must be recorded:**

1. The number of books sold.
2. The number of flyers sold.
3. The amount of proceeds collected from the sale of books.
4. The amount of proceeds collected from the sale of flyers.
5. How much money was paid out in prizes.
6. How many free books (if any) were given away.
7. The number of unsaleable books from the session and the serial numbers of same. Examples of books considered unsaleable may be where only a handful of a particular series is left over or there are not enough books in that series to use in the next session. Damaged stock would be another example.
8. The total value of expenses incurred for that session, whether paid in cash on the night or by cheque later. (Total **expenses must not exceed 20% of Total Gross Proceeds** raised during the Bingo session – see explanation below in section titled Financial Returns.) **Proof of payment for all expenses must be retained** (receipts, wages records etc).
9. How **much was banked from the proceeds of the bingo** (ie bingo proceeds less prizes less any cash expenses paid at the session).

All records pertaining to the bingo, including unsaleable books, **must be retained for 12 months**. The records must be available for inspection by an authorised officer of the Gaming & Wagering Commission at any time.

Financial Returns

An information sheet “How to Complete A Bingo Financial Return” is sent out with the Financial Returns by DLGSC each month (see examples at end of this document). You will note that there is provision on the Financial Return to list other proceeds raised during the bingo session – section 13(a) Raffle Gross Proceeds and 13(b) Continuing Lottery Gross Proceeds. By way of explanation, these items are listed as they are to be included in the *TOTAL Gross Proceeds* for the purpose of calculating expenses (not to exceed 20% of Total Gross Proceeds, as stipulated in the Gaming and Wagering Commission Regulations 1988).

- Financial Returns must be submitted to DLGSC **within 7days of the end of the month** during which sessions of bingo were conducted.
- If a session is not held a **nil return** is required.
- For a one off permit, Financial Returns must be submitted within 7 days of the conclusion of the bingo session.
- Senior citizens organisations are not required to submit a Financial Return as no surcharge is payable.
- A surcharge of 1% of Gross *Bingo* Proceeds is payable to the Commission and a cheque for this amount must accompany the Return when submitted.

HOW TO COMPLETE A BINGO FINANCIAL RETURN

This is a guide to completing your bingo financial return. If you have any difficulties please telephone (08) 6551 4888 to speak with a Customer Service Officer.

- 1 Refers to the total number of books you have for sale in that bingo game.
- 2 (a) Refers to the number of bingo books you sold in that bingo game.
(b) Refers to any books sold in the second half of the bingo game. (Many Organisations do not have half time sales). (If you do not sell books at half time leave this space blank).
- 3 (a) Refers to the number of books given away to people for no charge. (Free books should only be given to the people who volunteer their time to help with the bingo night).
(b) Refers to damaged books. This also refers to any books that are left over from a series that has been sold out. Often there are some books left over and it is easier to make them un-saleable rather than carry them over from week to week.
- 4 Refers to the books left over after subtracting the totals of Items 2(a), 2(b), 3(a), and 3(b) from the figure shown at Item 1.
- 5 Refers to the total amount of money raised by the sale of books at the game.
- 6 Refers to the amount of money raised by the sale of "flyer sheets".
- 7 Refers to the amount of money raised from the sale of bingo books and "flyers". (Add Items 5 and 6 together to give you the total bingo proceeds.)
- 8 Refers to the 1% surcharge that is payable to the Gaming and Wagering Commission. This is calculated as a percentage of the figure shown at Item 7. If the amount shown at Item 7 is \$150.00 and the surcharge payable is 1% the amount shown at Item 8 would be \$1.50.
- 9 (a) Refers to the monetary total of the bingo prizes (full house and splits) paid out for that bingo session including "flyer" prize.
(b) Refers to the monetary value of any jackpot prize offered from the receipts for **that session of bingo**. (If the jackpot prize is offered from funds other than the receipts from that session of bingo it should not be included here – it should be included at point 14).
TOTAL = (Total of 9(a) + 9 (b)).
- (c) **Jackpot Carry-Over.** Refers to the total accumulated jackpot contributions carried forward from previous bingo sessions. If there is no carry-over please write 'Nil'.

JACKPOT PRIZE: Please Note: A Jackpot prize can be offered from EITHER receipts from that session of bingo, or from other funds. The prize cannot be offered from a combination of OTHER funds and RECEIPTS from that session of bingo.

On the day the Jackpot is paid out the amount must be equal to the Jackpot Carry-Over of the previous sessions (9(c)) plus the contribution towards the Jackpot of that day (9(b)). The payout should not exceed \$3 000 dollars. If at any time the maximum of \$3 000 dollars for the Jackpot is reached no further contribution towards the Jackpot can be made until it is won.

- 10 Gross Bingo Profit (Item 7 minus the total of item 8 and item 9)
- 11 **Less Other Expenses.**
Refers to expenses incurred for (a) (b) (c) (d) (e) (f) (Total of 11 = (a),(b),(c),(d),(e),(f))
- 12 Net Bingo Profit Item 10 minus the **total** at item (11).
- 13 Total Gross Proceeds = (a) + (b) + (c)
(a) Raffle Gross Proceeds
(b) Continuing Lottery Gross Proceeds
(c) Bingo Gross Proceeds (Amount as at item 7)
Total of 13 is (a) + (b) + (c).

A call by a player indicating a winning split or full house is not a valid call unless the call is acknowledged by the person calling the numbers or by a spotter.
